

Stonebrook Health and Rehabilitation is proud to have been serving the citizens of this area for many years. We are conveniently located near Good Samaritan and Mission Oaks Hospitals, medical clinics and therapeutic centers. We are easily accessible by major roads and highways 85 and 17. We specialize in providing a variety of rehabilitation and skilled nursing services on-site.

Testimonials

Stonebrook is great, I like everything, the staff, the food and the medical care. They treat you with kindness and dignity.

- Angie

I am very happy with the way the staff act and do things. They care about the residents and keep the facility very clean.

- Liliyan

I'm very happy with Stonebrook. The staff is kind, generous, and they treat me well. I'm made to feel comfortable in every way.

- Robert

We ease the transition process by providing a comfortable environment where residents and guests feel informed and relaxed. We pledge to provide a positive experience while in our facility.

Rehabilitation and skilled nursing, to help individuals recover from surgery, injury or serious illness.

Stonebrook Health and Rehabilitation is a premier skilled nursing and rehabilitation facility located in a pristine Los Gatos neighborhood. Our **friendly staff** provides a combination of specialized therapy services and skilled nursing care in a calming and quiet environment. At Stonebrook, you'll quickly notice that our people make all the difference. We are committed to ensure you **peace of mind** through our responsive, compassionate care.

Post-Acute Rehabilitation

Each of our patients comes to us with very different and specific needs. Our entire therapy team is committed to create **individualized therapy programs** that directly answer those specific needs and help achieve maximum outcomes of independence and ability.

- Physical, occupational and speech therapy
- Orthopedic rehab for fractures, joint replacement, degenerative joint diseases and neurological rehabilitation
- Stroke rehabilitation and recovery
- Cardiopulmonary rehab for chronic obstructive pulmonary disease (COPD), congestive heart failure and recovery after coronary bypass surgery
- Dysphasia management
- High-tech physical modalities for pain management & neuro re-education
- Strength training and conditioning
- Safety awareness
- Home management skills

Skilled Nursing

The nursing staff seeks to maintain a calming setting where **patients can rest** and recover and families are informed.

- **On-site medical director** to help coordinate and improve medical services
- **Director of nursing** oversees all aspects of health care within the facility
- Individualized resident care plan treatments
- Diabetic management & education
